Mission Statement: Founded by the School Sisters of Notre Dame, Saint Peter School lives and nurtures our Catholic faith while embracing our multiculturalism. We believe in teaching to the heart, mind, and soul of each child.

Saint Peter School is accredited by the New England Association of Schools and Colleges.

Message from the Pastor

“We are *The Light On The Hill*—not an inanimate object, but a community of faith shining light and welcome to all.”

—Rev. Leonard O'Malley, Pastor

Dear Families,

In difficult times we often set our expectations on “getting through” whatever the difficulty is, and somehow picking up the pieces afterwards. While many people may use this approach, it certainly is not one followed by Saint Peter Parish and School. Because of the dedication and hard work of our staff and because we are *The Light On The Hill*, Saint Peter thrived last year. Not only did we get through the year, we managed careful and safe leadership within the school community; the strong support of parents and friends of the school; excellence of education; an increase in enrollment; and our expansion of the footprint of the school into the Convent building. (We are ending more than 20 years of the Convent being rental property and are now using that space for both parish and school purpose. Of course, this is only possible because of the generosity and dedication of the Saint Peter Community.)

At this initial phase, the Convent will house the School’s new STEM Center and also provide students and faculty with a prayer chapel for their use. Further phases of development will address the establishment of a Learning Center for the school, and comfortable meeting rooms for parish use.

Since 1848 for the parish and 1901 for the school, Saint Peter has existed as that *Light On The Hill* that shines forth with welcome, goodness and the love of God for all. We are true to our mission to minister to the mind, heart and soul of God’s people. Like our patron – Saint Peter – we face the challenges of our lives with faith in the abiding presence and love of God in our lives. We are *The Light On The Hill* – not an inanimate object, but a community of faith shining light and welcome to all.

Peace and Blessings,

A handwritten signature in black ink that reads "Lenny O'Malley". The signature is written in a cursive, flowing style.

Fr. Lenny

We celebrated All Saints and All Souls Days in November and spent the month praying for the souls of the faithful departed.

Saint Peter's steeple rises above the Cambridge skyline.

Grade 4 class in prayer at the lovingly restored Saint Peter Chapel.

Message from the Principal

“ We will continue to anticipate the needs of our students and their families, ensuring Saint Peter is a true light on the hill for many years to come. ”

— Principal Pat Boyden

Pat Boyden, Principal

Principal Boyden dressed as Saint Patrick and enjoying a fun Halloween tag day with K1 and K2 students.

Principal Boyden, Mr. Smith, Mr. Selby, and Mr. Schell at the 2021 Golf Classic.

Dear Saint Peter School Community,

The past 18 months have been historic for Saint Peter, and not just because our students and teachers have thrived amidst a global pandemic. Indeed, in addition to providing safe, uninterrupted in-person learning since day one of the 2020–2021 school year—the only elementary school in Cambridge to do so—our school has improved and expanded in significant ways. Our enrollment has increased, the breadth of our student services has broadened, and we have reinvested heavily in technology, curriculum, and infrastructure. Furthermore, last school year was capped off by two major highlights: the publishing of our strategic five-year plan and the expansion of our school footprint into the former Saint Peter Convent.

I strongly encourage you to read and review our five-year plan (saint-peter-school.org/about/governance). It is the product of extensive research, collaboration, and discussion with a variety of stakeholder groups in the Saint Peter School community. Faculty, staff, parents, benefactors, and board members all contributed to the development of the plan, which outlines both the immediate goals of the school (“Year 1 Priorities”) and our longer term aspirations (“Year 5 Vision”). My hope is that, with the five-year plan charting our path, we will continue to anticipate the needs of our students and their families, ensuring that Saint Peter is a true light on the hill for many years to come.

Emblematic of our ambitions for Saint Peter School, the addition of the Convent will allow us to expand and enhance our programming in numerous ways, starting with the recent completion of our new, state-of-the-art STEM Center. The construction of the STEM Center is indicative of our commitment to academic excellence and truly student-centric learning. It also further validates the tireless efforts of our school community. Thanks to the generosity of numerous donors, we now provide a best-in-class STEM makerspace to all of our students, anchored by LEGO Education’s innovative and hands-on approach to learning, coding, and robotics. Please, stop by anytime—I’d love to give you a tour of this fabulous new space.

Our five-year plan, our new STEM Center, and the many other exciting initiatives that are currently underway underscore the fact that the “Spirit is a-movin” here at SPS, with Our Blessed Mother guiding and protecting all that we do. Please, join us as we embark on this exciting new chapter.

Saint Peter, pray for us!

A handwritten signature in black ink that reads 'Pat Boyden'.

Pat Boyden
Principal

Fall 2021 MAP Testing Scores

Saint Peter School students continue to excel academically, with the outcomes to prove it. On our most recent standardized test, the Northwest Evaluation Association's MAP Growth Assessment, Saint Peter School students scored 7th highest out of 100+ schools in the Archdiocese, well outpacing the performance of their peers nationwide.

2021 Scholarships Awarded

Every year, Saint Peter School is fortunate to receive gifts for scholarships and tributes in honor or memory of individuals. We appreciate these thoughtful contributions, given in both good and challenging times, and thank the many families, friends, alumni, and parishioners who choose to honor their loved ones or their memories by giving to the Saint Peter School Scholarship Fund.

The Peter Lynch Scholars Program, established in 2010 to honor Mr. Lynch's involvement with The Catholic Schools Foundation/Inner-City Scholarship Fund, awarded four students with scholarships based upon grades, work ethic, and demonstrated care and concern for others in and beyond our community. The Peter Lynch Scholars at Saint Peter School for 2021: Tamia Cachimuel '22, Eyosias Dawit '23, Emma Tesfaye '29, and Eyasu Yonathan '24.

The Drs. Patrick F. Cadigan and Tandra L. Cadigan, the late Barbara A. Cadigan, and Cadigan Family Scholarship recognizes a deserving student selected by the administration of St. Peter School based on good standing. This year's honored recipient is Mateo Sierra '24.

The Bernadette Leahy Scholarship is awarded to a rising 7th-grade student who exhibits good Christian conduct and behavior, is respectful and kind in the dealings with peers and teachers, and consistently works hard. This year's honored recipient is Eyosias Dawit '23.

The Richard Morgan Scholarship is given annually in memory of a compassionate and giving husband, father, and grandfather who died in the 9/11 attack. In the spring semester, each Grade 7 student writes a composition nominating a member of the class for the scholarship. The Morgan family carefully reads each composition and considers the students' recommendations before determining the most deserving student. This year's honored recipient of the Morgan Scholarship is Kaleb Andenet '22.

The St. Vincent De Paul Scholarship: The St. Peter Conference of the Society of St. Vincent De Paul Scholarship is awarded each year to deserving students at St. Peter School. The honored 2021–2022 recipients are Tamia Cachimuel '22, Eyosias Dawit '23, and Nia-Belle Henry '23.

The Joseph F. Flaherty Scholarship is given each year in memory of a parishioner and lifelong Cambridge resident, who was a passionate basketball player and Christian Youth Organization basketball coach for many years. The scholarship recognizes an eighth-grade student who is committed to achieving academic excellence and plan to attend a private Catholic high school. The honored 2021 Joseph F. Flaherty Scholarship recipient is Thomas Lewis-Bowen '21.

LEFT: K2 and Grade 2 book buddies; RIGHT: Grade 1 student is ready to learn Math.

Saint Peter School's Continued Commitment to In-Person Learning

For the second year in a row, Saint Peter School did not miss a beat in providing safe in-person learning in the midst of the ongoing global pandemic. In partnership with the Cambridge Innovation Center, the Broad Institute, and MA Department of Elementary and Secondary Education, we have continued to offer weekly COVID-19 testing to all students and staff members. Responsive to the latest public health recommendation and grateful for the continued counsel of our Scientific Subcommittee, we have maintained certain necessary health and safety protocols, such as masking, cohorting, and heightened cleaning practices. Collectively, these efforts have enabled our students and teachers to enjoy uninterrupted in-person learning for the last 18 months.

Although the world isn't quite fully back to "normal" yet, Saint Peter School has also made considerable efforts to restore and resume several of our marquee student activities and family events. In the fall, our community came together for an in-person and reimagined Oktoberfest—families particularly enjoyed a COVID-safe trunk-or-treat in our driveway. To prepare our hearts and minds during Advent, we also hosted our first-ever Christmas Jingle-&-Mingle, which featured

student caroling, a living Nativity, an outdoor holiday market, and all sorts of festive merrymaking!

Many of our student-athletes are also very happy that our CYO basketball league has returned this year, with games and practices taking place in our Saint Peter School gym nearly every night of the week. Saint Peter School has enjoyed at least one first-place finish in CYO for the past 12 seasons (across all-levels of both boys and girls) and we hope to continue our streak this year! Thanks to the many coaches and volunteers who help make CYO possible.

Acknowledging the very real impact the pandemic has had on our students and their mental health, we are also excited to launch a new Student Mental Health Services Program in the spring of 2022, in partnership with Cambridge Public Schools and Riverside Community Care. In the months ahead, Riverside Community Care will begin offering group therapy/counseling services to our students. These sessions will take place on campus, during school hours, and will be open to all Saint Peter School students enrolled in grades 2–8 are eligible.

State-of-the-Art Saint Peter School STEM Center

New Saint Peter School STEM Center!

Thanks to the generosity and support of many members of our community, Saint Peter has embarked on an exciting new era in the 120-year history of our beloved school.

Powered by an unshakable faith in the school's future, we are thinking and acting boldly. On July 2021 Saint Peter Parish regained use of the Convent, the building immediately adjacent to the Rectory, for parish and school purposes. The Convent offers Saint Peter School much needed room to expand and enhance programming in the years ahead. The generosity of benefactors is entirely funding the first phase of the building's renovation, which has included the beautiful restoration of the School Sisters of Notre Dame's original chapel (now open to students and staff for prayer, religious instruction, and quiet reflection) and the construction of our state-of-the-art STEM Center.

Opened in January 2022, the STEM Center houses our new robotics and coding programs, guided by LEGO Education. Saint Peter School has invested in the full suite of both LEGO BricQ and LEGO SPIKE products, which provide our students with fun, engaging ways to learn coding, robotics, and more. We are thrilled that this dynamic space is enabling our students to participate, creatively and cooperatively, in the hands-on exploration and application of STEM principles, which is preparing them to be informed builders and deployers—not only consumers—of science and technology.

The physical expansion of our STEM programming into the Convent is coupled with an overhaul of our core science curriculum. With our two amazing science teachers, Mr. Stephen Carpenter and Mr. Scott Durrwachter, leading the way, we have adopted the rigorous and research based

“Saint Peter School invested in the full suite of both LEGO BricQ and LEGO SPIKE products, which will provide our students with fun, engaging ways to learn coding, robotics, and more.”

Amplify Science for Grades 1–8. Developed by science education experts at the University of California, Berkeley, Amplify places great emphasis on experiential and hands-on learning and is aligned with the Next Generation Science Standards. It is widely considered the strongest elementary science program available.

So far, Amplify has been an absolute hit with our students—they are engaged in and loving science class more than ever!

In the years ahead, in collaboration with Saint Peter Parish, we will continue our expansion into the Convent. We hope to develop and renovate new spaces and classrooms dedicated to our humanities and cultural programs. Stay tuned!

Grade 8 students working on the new LEGO education curriculum.

2021-2022 Annual Fund

MATCHING GIFTS

Double your donation! Please check with your employer to see if they participate in a corporate matching gift program.
EIN: 04-3132637

WAYS TO GIVE

Online Giving Make your online gift by credit card by visiting: SAINT-PETER-SCHOOL.ORG/GIVING

By Mail Send your check payable to C/O Saint Peter School: Saint Peter School, % Advancement Office, 96 Concord Avenue, Cambridge, MA 02138

Every gift to Saint Peter School strengthens its ability to fulfill the mission established by the School Sisters of Notre Dame, to teach “to the heart, mind, and soul of each child.” Through the great generosity of parents, alumni, faculty, parishioners, and friends, Saint Peter School raised a record \$602,618.74 in 2020–2021, an outstanding achievement that is especially notable during this unusual time. Thank you!

The impact of our donors’ tremendous support can be seen throughout the school, underwriting key needs and enhancements, including:

- Funding new curricula in language arts and science
- Providing faculty and staff professional development
- Enabling the expansion into the refurbished Saint Peter Convent and the construction of a state-of-the-art STEM Center
- Investing in PPE, air filters, heightened HVAC maintenance, and other COVID mitigation measures
- Offering creative programming and a robust roster of co-curricular activities
- Enhancing the Catholic identity of the school by providing prayerful spaces for reflection
- Bolstering scholarships and financial aid packages

Please accept our heartfelt gratitude for making all of this—and more—possible!

The Saint Peter School Cares Annual Fund is the cornerstone of the school’s fundraising efforts. Gifts to the Annual Fund support the school’s greatest needs as well as essential and promising new academic, spiritual, and co-curricular initiatives. Tuition covers about 70% of the cost of educating a student; we rely on donations for most of the remaining 30%.

A yearly campaign, the Annual Fund runs from July 1 through June 30. We hope that everyone who prizes the exceptional merit and purpose of a Saint Peter School education will contribute. This year, the school is seeking 100% participation from current parents. Every family’s economic situation is unique, and we understand the financial constraints facing some members of our community. Consequently, we respectfully ask all Saint Peter parents to make a gift to the 2021–2022 Annual Fund at a level that is personally meaningful and manageable. Each Annual Fund gift is deeply valued and vital to ensuring that Saint Peter School thrives as the leading Pre-K through Grade 8 school in the Archdiocese of Boston.

For more information on donation opportunities, please see the Remit Envelope attached here in *The Light on the Hill* or visit our website at saint-peter-school.org/giving. Thank you for your support and for being part of the long and inspiring legacy of generosity at Saint Peter School.

I wish you and yours a year filled with good health, faith, care, and joy.

God bless,

Eve Encinas-Lončar
Director of Advancement
